

ALCON,

SUBJECT: Civil Air Patrol medical/dental records migration

The RMG/IRMS has been maintaining your medical and/or dental records since 2005. Due to AFI guidance changes and the transition of RMG to RIO, we are taking the opportunity to adhere to the new guidance prior to moving the IRMS operation to HQ RIO.

According to AFI41-210, Tricare Operations and Patient Administration Functions, the IMA and PIRR service member's medical and dental records are maintained at the military treatment facility located at or near their unit of attachment.

You are attached to the Civil Air Patrol, National HQ, Maxwell AFB, and your records have been shipped to the 42nd Medical Group there.

Since the 42nd MDG will be maintaining your records, you will need to contact them to have your IMR items updated (i.e. PHA, Dental exam, immunizations and labs) in ASIMS.

For PHA and lab updates, contact Flight Medicine at 334-953-5273

For Dental updates, contact Dental at 334-953-7288

For Immunization updates, contact Immunizations at 334-953-5731

If you have any questions, please contact Master Sgt. Lin Estell at 720-847-3089.

Thank you for all you do for our Air Force.

CHRISTOPHER E. CRONCE, Colonel, USAF

Commander, HQ Individual Reservist Readiness and Integration Organization
