

****This message is an update to [ARCNet message 14-014, 2014-15 Influenza Vaccine Readiness Requirement](#)****

Sir or Ma'am,

Our records indicate you have not received your flu vaccination. All Individual Reservists are required to be vaccinated by 1 Jan 2015 or their readiness status will turn red.

Members may receive their vaccination at a military treatment facility while in military status or through their civilian provider.

IRs must provide one of the following documents to their servicing medical treatment facility as proof of vaccination: a DD Form 2766c, civilian proof of vaccination (to include the vaccine lot number, manufacturer, route administered, and dose received), or a letter from a doctor recommending that the vaccine not be received and why.

Thank you for your service,

CHRISTOPHER E. CRONCE, Colonel, USAF
Commander, HQ Individual Reservist Readiness and Integration Organization
