Your R/R date: The date by which your 50 points for a “good year” must be earned.

Last R/R Year: This section will populate roughly 60 days after the closeout of your previous R/R year. If the **Total Points for Retirements** is >50, you’ve earned a “good year.”

Satisfactory Service: This shows (with two digits each for years, months, and days) what the previous year counted toward. This example shows one “good year.”

All Points Earned: This is where you can see every instance of when points were earned. You should compare this against your orders and 40A for accuracy regularly.

Type Duty Codes: These numbers correspond to the TD column of your **All Points Earned** history below it.

Service History: Click to see a breakdown of points earned for each R/R year.

ECI: These are points earned for PME and schools.
