

Leaders and Teammates,

As you all know, we have been managing the approval of Grade Ceiling Waivers for the last few months by releasing 10 approvals each month. This process has allowed us to ensure we, as a MAJCOM, are staying under the congressionally mandated authorization of SMSgt AGRs. In addition, our practice has also provided unbiased selection, predictability, and timely notification to ensure local promotion processes have adequate time to notify/promote identified members.

To further enhance our transparency behind the management of pending grade ceiling waivers, we are publishing the names and their respective NAF by line number. The issuance of line numbers is determined by First-In-First-Out (FIFO) and then by time stamp of waiver submission. Therefore, line number #1 indicates the member of whom submitted their grade ceiling waiver before anyone else listed, ultimately, signifying line number #1 has been waiting the longest to receive an approved grade ceiling.

As we continue to manage the release of grade ceiling waivers to stay under our congressional limit, we will strive to approve 10 grade ceiling waivers each month. However, please note, the approval of monthly grade ceiling waivers will fluctuate dependent upon the monthly rate of SMSgt attritions, promotions, Date of Separations, extensions, and active-duty accessions.

Below, you will find the current list of SMSgt Grade Ceiling requests as of January 13, 2025. Members with issued line numbers refrain from submitting waiver requests through MyVector. If your circumstances have changed and you no longer need a grade ceiling approval, please submit a request to withdraw your waiver request as soon as possible. You can do this by logging into your existing grade ceiling application and request to be removed from the list.

Each month we will review, update, and publish the list of pending requests to ensure it remains current and accurate on our page at <https://www.arpc.afrc.af.mil/Services/Assignments/>.

***Important Note:*** Approval of a Grade Ceiling Waiver does not guarantee a promotion. Approved members will need to work through their unit's 224 promotion process for final approval from their designated approval authority.

If you have any questions, please contact me, Major Kopecko at charissa.kopecko.2@us.af.mil or CMSgt Manuel Zubia at manuel.zubia.1@us.af.mil.
