

## Commanders Release Notification Letter

1. In collaboration with ARPC/DPA, initiate, coordinate, and approve requests of Active Guard Reserve (AGR), Traditional Reserve, and when appropriate, Air Reserve Technicians.
2. This Commander's Release Notification Letter also certifies Individual Medical Readiness requirements for all AGR to AGR (concurrent) assignments.

\*\*\*Note: all new AGR program members will need to obtain the Initial AGR Tour Medical Certification.

### Certification Section

I am aware of

intent to apply for an AF Reserve Active Guard Reserve Assignment. I agree to release member from current assignment in the event they are selected.

I certify the individual \_\_\_\_\_ misused or \_\_\_\_\_ delinquent in their government travel card responsibilities.

I also certify the member \_\_\_\_\_ met Air Force fitness standards, \_\_\_\_\_ meet quality force standards and \_\_\_\_\_ present a professional military image. If member is selected, this organization will ensure member is properly out-processed.

I have validated member \_\_\_\_\_ overdue on IMR requirements "RED" and currently Mobility Restrictions (AAC 31/37).

\*\*\*This can be verified by the Unit Health Monitor and if the member in fact does not satisfy either of these categories, please refer to Medical (RMU or ADMTF) for any questions.\*\*\*

I hereby certify that

\_\_\_\_\_ all relevant medical standards as outlined in DAFMAN 48-123 (Medical Evaluation and Standards), AFMAN 36-2032, and AFI 36-2101. This includes a thorough review of their Individual Medical Readiness requirements. Furthermore, I confirm that the member is physically fit for duty, with certification based on their most recent fitness score and completion date.
