

ARPC Frontline

At the frontline of customer service

ARPC Frontline is a resource the FSS community can reference to find the latest information and updates from the Headquarters Air Reserve Personnel Center. For more information about the notices, please follow the embedded links to the ARPC Digital Transformation webpage.

ARPC Notice: 231204-01

Topic: Migration of the Reduced Retired Pay Age (RRPA) applications to myFSS is complete.

Impact: Air National Guard and Air Force Reserve Airmen

BLUF: HQ ARPC received feedback from the field that the RRPA application in the new myFSS platform does not mirror what is in vPC/Remedy. Our technicians investigated this further and determined that myFSS now accurately displays the correct information, removing the need to reference vPC.
