

Frontline Notice: 230803-01

Topic: Processing Legacy Evals Prior to vPC Sunset

Applicable to: Air National Guard and Air Force Reserve Airmen

BLUF: Legacy evals must be “work in progress” by 15 November 2023.

Due to cybersecurity risks, vPC’s lifespan cannot be extended. Additionally, legacy evaluations cannot be processed in myEval. As such, all legacy evaluations must be in a “work in progress” status in vPC no later than 15 November 2023.

ARPC will not accept any legacy evaluations after 15 November 2023. Any missing legacy evaluations will require a gap report (AF Form 77) after this date. MPFs will need to submit gap reports to ARPC via Ask a Question within myFSS.
