MEMO FOR ARPC/DPTT RETIREMENT TECHNICIANS

For the months of May-August 2023, reduced retirement pay age (RRPA) applications input for a retirement date of November 2023 to February 2024, the 6 month waiver requiring wing commander concurrence, is waived. If a RRPA application is received without a 6-month waiver, this waiver will be utilized. This procedure change is in place due to the digital transformation initiative transition.
